

Business Continuity Management Policy

Everlight Chemical realizes that Business Continuity Management (BCM) is part of Corporate Risk Management System. To preserve stakeholders' interests and corporate reputation, we define Everlight Chemical Business Continuity Management Policy as:

Fulfilling Corporate Commitments Ensuring Business Sustainability

Scope: Everlight Chemical and 100% owned sales subsidiaries.

Goals:

1. Ensuring cash flow balance and financial sustainability.
2. Uninterrupted supply of critical products.
3. Enhancing the operability of critical activities.
4. Minimizing potential business risks.
